## Beginnings

A group of 18 students willing to create a company was created in September-2018. They expressed a great desire to use their skills and use them in the community by cooperating with NGOs in Czestochowa. In October the company established partnership with Agape NGO. This partnership was based on some special projects for Biegan Company. Through which they developed entrepreneurial skills such as leadership and team work

## More practice, more experience.

In November 6 members of Biegan Company participated in the internship in Croatia (Mobility in Croatia, Dakovo). They practised entrepreneurial skills by learning Montessori method –learning independence and developing physically, socially, emotionally and cognitively.

They also learned how to set up a professional company/firm.

They also had a great opportunity to develop entrepreneurial skills during workshops with Naven NGO, Amadea NGO and Nazor NGO. There were also workshops on developing creativity.

## More actions

-In December Biegan Company participated in a charity Santa Claus event for young children in Czestochowa

-in January there were some workshops at school on recognising strengths and weaknesses as well as they worked on methodology which is useful to practise entrepreneurial skills

-in March they made contacts with TPD NGO and Oczami Brata Foundation. They also interviewed a local social entrepreneur at FDR NGO (Foundation for the Development) in Czestochowa.

-in April they took responsibility for the organisation of the mobility in Poland.

-during the mobility they also created a small firm FlorDek which concentrates on making decorations.
